

Private Blockchain Idea - Insurance use case

Issue in current Insurance companies

1. Increasing no. of frauds..!! ✓
2. Time-delay in claims settlement. ✓
3. Improper claims management process. ✓
4. Frauds done by Broker's..!! A big challenge for company and end-users.
5. and many more....!

80 \$ B

Per Year

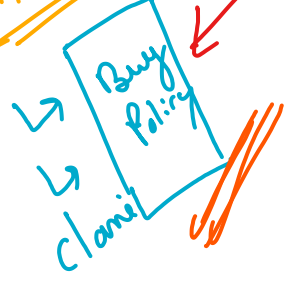

Solution

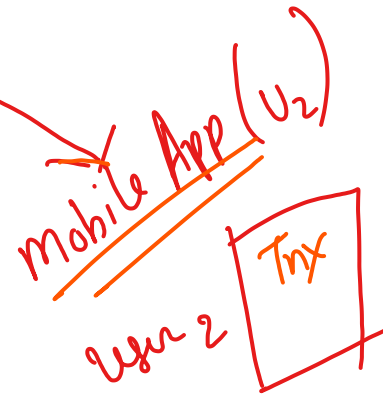

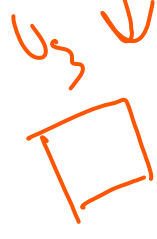

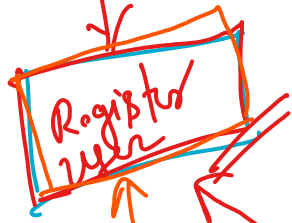

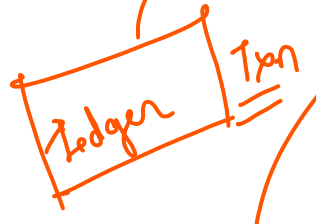

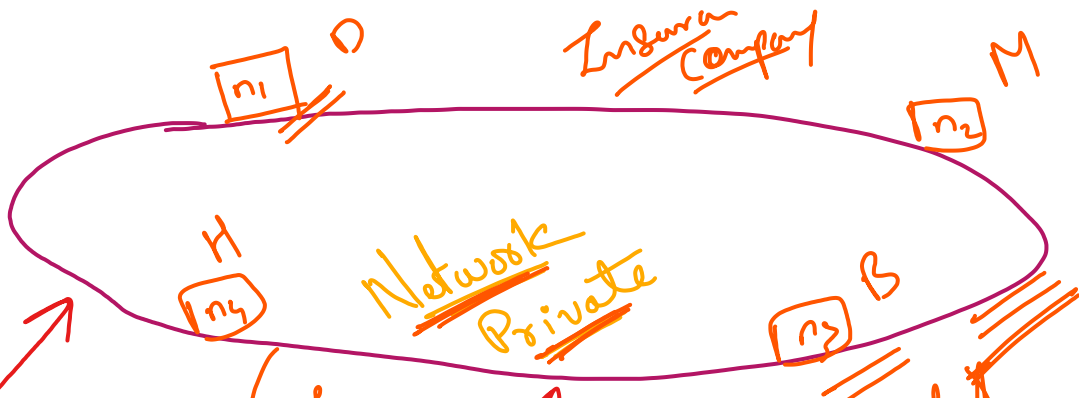

- ① Immutable (Tx)
- ② Transfer

one-on-one

End User (u1)
mobile App

Smart Contract
Apprentice

Paper Work
Human Resource

End user
(many)

2 (Trusted)
claims settled
